Verso : 2017 Verso Radical Diary before purchasing it in order to gage whether or not it would be worth my time, and all praised 2017 Verso Radical Diary:

0 of 0 people found the following review helpful. Love this diary By KAawesome Love this diary. I really enjoy the historical blurps for each day. Their super impactful especially in the current times.

A stylish diary with dates from across worldwide radical history. The largest independent radical publishing house in the English-speaking world has been publishing key books of international history and politics for the Left for almost fifty years. The 2017 Verso Radical Diary is not just a beautifully designed week-to-view planner where you can keep track of your coming year, including international holidays, it also includes significant dates in radical history from Spartacus to #blacklivesmatter from the English Civil War to the American War of Independence, the Russian Revolution, slave rebellions and the movements of 68, and from the labour movement to Occupy. The body of the diary is cleanly set apart to prioritize utility, while the marginalia is brought to life through beautiful illustrations, galvanizing quotes, and grounding context. The 2017 Verso Radical Diary is the perfect resource for the politically conscious to stay historically in-the-know through the everyday use of a beautifully designed, grab-and-go personal planner.

About the Author Verso Books is one of the foremost independent radical publishers in the world, and has been publishing key books for the Left for almost fifty years.
