0 of 0 people found the following review helpful. Brief stories of famous Christians By Customer A good sampling of

Christian men and women. It suggested more books to read on each person. Not enough details on the people. For an interested reader, it was just a stare. 3 of 3 people found the following review helpful. Good information. By John This is another one of Wiersbe's great books that takes some of the greatest Christians of the past and gives you a lot of good information about them. He does not give you the whole story of their life, but he gives you just enough so you will be truly informed about the person in a way that you will know the important facts of their life. I don't think anyone could have done better. 0 of 0 people found the following review helpful. OK but not sure why some names were chosen. By Hal R Good research by author but not sure why many names are in it. Still, it has made a good Bible study for our group.
