Tom Bowling : A Brief History of Pirates and Buccaneers before purchasing it in order to gage whether or not it would be worth my time, and all praised A Brief History of Pirates and Buccaneers:

From Captain Kidd to Johnny Depp, pirates have long captured the imagination, but behind the spectacle is an extraordinary story of bravery and adventure. In the age of discovery, many buccaneers acted on behalf of their nation,

then became outlaws as huge wealth was transported across the oceans. Tom Bowling strips the legends away to reveal the true story of piracy and its legacy across the globe.

About the Author Tom Bowling is an expert on piracy and has written a number of dramatic seafaring novels including *The Antigallican* and *The Heart of Oak*. He lives in Britain.
