Not since Don DeLillos paean to Bobby Thomsons pennant-winning home run and the home run ball itself in Underworld have I been so enthralled by the Things of sport. Beautifully designed and carefully curated, a fascinating collection of the things that shaped the way we live and play in America

"Immensely entertaining and beautifully written... [Murphy's] selections resonate socially, politically, and technologically across American sports history, with each item containing a perceptive explanation of its significance. This is a great concept for a sports book, and it's expertly executed."Booklist, starred review
