John Bright : A History of Israel before purchasing it in order to gage whether or not it would be worth my time, and all praised A History of Israel:

1 of 1 people found the following review helpful. Powerful! It's a must read if this is a topic your interested in!By MelissaThis is not an easy read but well worth it! Its very (did is say VERY) in depth journey back in time! Its packed with so much useful information and its a highly recommend must read. Its very deep and powerful.0 of 0 people

found the following review helpful. So far, so good. By B. Herlan Have just begun to study it. Thus far, it does meet my expectations. I had expected new archeological discoveries to change the first part of the book. Will continue to study it, and I plan to compare it with another book on the same subject. 0 of 0 people found the following review helpful. If you want detailed history on Israel, this is your book. By S. Wesley The details will astound you. All of those study bibles out there never give as much detail to the history of Israel as this author adds.

Unsurpassed for nearly half a century, and now with a new introduction and appendix by William P. Brown, John Bright's *A History of Israel* will continue to be a standard for a new generation of students of the Old Testament. This book remains a classic in the literature of theological education.

About the Author John Bright was the Cyrus H. McCormick Professor of Hebrew and the Interpretation of the Old Testament at Union Theological Seminary and Presbyterian School of Christian Education in Richmond, Virginia until his death in 1995. He is the author of *The Kingdom of God: The Biblical Concept and Its Meaning for the Church*.
