library and this was one of them. It is far and away the best (in presenting concepts, evolution of thought, and readability). But, as a bonus, I discovered that its chapters on the evolution and tenets of Taoism drew my interest and excited me to learn more. So I bought the book and expect to keep it and delve into it repeatedly in the coming years. If you're interested in philosophy you'll enjoy this book and take some erudition from it. For example, I learned that the Golden Rule was a tenet of Chinese principle long before Hillel's construction of it, and that Taoism preached universal love long before Jesus did. 0 of 0 people found the following review helpful. Fantastic captivating! By Gilberto Cintron This book is pure joy to read the author is not only a scholar but excellent teacher and communicator. it is comprehensive but flows smoothly it is a great tool for learning Chinese Philosophy while enjoying it ! 3 of 3 people found the following review helpful. An excellent read. By Paul Calkins This is a great recap of Chinese philosophy; it's easy to read and full of insights. It follows the history of China through through the great dynasties.

The classic chronicle of Chinese philosophical thought from the third millennium to the 20th century. From the sage-kings of ancient China to the 1911 overthrow of the oldest monarchical system in the world, Chinese philosophy has evolved and influenced schools of thought around the world. In an accessible voice, *A Short History of Chinese Philosophy* clearly illuminates Confucianism, Taoism, Mohism, Yin-Yang, and more. For those interested in philosophy or Asian studies, this is the perfect window into ancient and modern Chinese ideology.

From the Back Cover This is a chronicle of Chinese thought from the third millennium sage-kings to the 1911 overthrow of the oldest monarchical system in the world. The book illuminates the most commonly known schools of Confucianism and Taoism, and it acquaints readers with Mohism, Yin-Yang, Legalism, Neo-Taoism, Neo-Confucianism, and the introduction of Western philosophy. About the Author Responsible for reintroducing the study of Chinese philosophy in the 20th century, Feng Yu-lan is considered the father of Neo-Confucianism. He studied at Columbia University and taught at Qinghua University and Peking University. He died in 1990.
