**Robert Bruce Mullin : A Short World History of Christianity, Revised Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Short World History of Christianity, Revised Edition:

1 of 1 people found the following review helpful. Five Stars By Dan00Fox Great read! This book is summed up in the title, very brief, however, jam packed with wonderful information. 1 of 1 people found the following review helpful.

Five Stars By Tyler J Really good condition and nice book for Christian heritage class. 15 of 16 people found the following review helpful. An excellent account of Christian history; scholarly and very readable By Mark I've read a few chapters of this book in proof form prior to publication. Mullin's gift is the ability to make history accessible and interesting, while not compromising on scholarly foundations or analytical complexity. His insights into Christian history are new and illuminating, and yet ring with the truth of careful, sound scholarship and analysis. Anyone, be they student, scholar, believer, inquirer or skeptic will find this work challenging, intriguing and very rewarding. Mullin is that rare academic who is brilliant scholar, illuminating teacher, and an excellent writer. This is a great place to begin a study of Christian history or to refresh one's knowledge. This work belongs on the bookshelves of anyone at all interested in the history of Christianity.

Church historians have long known and appreciated Christianity's global history. Until recently, however, introductory textbooks on the history of Christianity focused almost exclusively on Europe and North America. Robert Bruce Mullin's *A Short World History of Christianity*, by contrast, offers a panoramic picture of the history of Christianity in its Western and non-Western expressions. It tells the story of the early church in the Greek East as well as the Latin West; of Christianity's spread into Asia as well as Europe during the Middle Ages; and its explosion around the world during the modern period. Mullin's highly readable narrative explores why global perspectives have emerged so strongly in our understanding of the story of Christianity and how they have impacted Christianity's perspective on its place in the world. This newly revised edition adds information on such global phenomena as early Syriac-speaking Christianity; the growth of Pentecostalism around the world, especially in the southern hemisphere; and recent trends in Christianity, including the elevation of the first pope born in the Americas. A time line of key dates, call-out boxes, and other helpful study materials are also provided. Beginning students will appreciate this memorable introduction to the most important events in the history and development of Christianity.

'To this day, reading good narrative history is a never-failing pleasure. History, that is, like Robert Bruce Mullin's *A Short World History of Christianity*. It is no easy business, getting two millennia of Christian history into 283 readable pages. But Professor Mullin has done the job, in a readable style that makes the fruits of his impressive ample scholarship available to a general audience.' --George Weigel, Distinguished Senior Fellow of the Ethics and Public Policy Center This book should be welcomed by all who value clear writing, careful scholarship, succinct reporting, and carefully weighed judgments. If measured by standards of comprehensiveness or of answering every question in the long history of Christianity correctly, this book, like all others, must fail. But if measured by its success at portraying that history from below as well as from above, providing significant treatment of the Southern hemisphere along with the West, and incorporating the stories of many denominational families in a single account, then this book must be judged a resounding success. --Mark A. Noll, Francis A. McAnaney Professor, History Department, University of Notre Dame This readable history reflects the sure instincts of a master teacher. Bruce Mullin's text integrates the theological and social dimensions of Christian history, providing readers with a masterful guide to the subject for many years to come. --Dana L. Robert, Truman Collins Professor of World Christianity and History of Christian Mission, Boston University School of Theology About the Author Robert Bruce Mullin is Society for the Promotion of Religion and Learning Professor of History and World Mission and Professor of Modern Anglican Studies at General Theological Seminary in New York City. He is the author of numerous books and articles.
