Ibn Battuta : A travs del Islam / Through Islam (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A travs del Islam / Through Islam (Spanish Edition):

A travs del Islam es una obra fundamental de la literatura de viajes, as como un csico de las letras rabes. Es un relato en primera persona de las aventuras y desventuras, placeres y sinsabores, del tangerino Ibn Battuta en su dilatadísimo viaje desde Marruecos hasta China en pleno siglo XIV.
