**Robert Thompson : A Woman of Courage on the West Virginia Frontier: Phebe Tucker Cunningham** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Woman of Courage on the West Virginia Frontier: Phebe Tucker Cunningham:

6 of 6 people found the following review helpful. A Compelling Tribute to a Very Brave WomanBy melvyn g dewittI recently found my lineage includes Phebe Tucker Cunningham, so I was interested in learning more about her when I ordered the book. While I found little that I had not gleaned from other sources (I've done quite a bit of research about her on my own) I found the history of the era and the information about the Native Americans on the Allegheny Plain quite insightful. Best of all, I understood a pivotal person in her story, Simon Girty, more thoroughly. He was so despised in American history books of the 1800's that it has been hard to determine "truth" in other sources. This book, in my opinion, was well researched, well told and a very honoring tribute to a brave, intelligent and well loved woman. 0 of 0 people found the following review helpful. Well-written; accurate and a good readBy roxyawA historical account of the author's distant grandmothers experiences in late eighteenth century Virginia, including her Indian captivity and release. Thompson's book is scholarly but very accessible (highly readable). He carefully describes the true historical context of his g-g-g-g-g-grandmother's life. This book helped me better understand the middle and late eighteenth century in America. I very much appreciate Thompson's scholarship. 3 of 3 people found the following review helpful. A must read bookBy Betz3234Phebe Tucker Cunningham was my 4th great grandmother. I had heard stories about her all my life, but it was awesome to read the entire story about her life. She was a pioneer and a woman of great faith and courage. I really enjoyed the history that Mr. Thompson told about what was going on at the time. It made the book more interesting.

Life on the West Virginia frontier was a daily struggle for survival. For Phebe Tucker Cunningham, that meant the loss of her four children at the hands of the Wyandot tribe and being held captive for three years until legendary renegades Simon Girty and Alexander McKee arranged her freedom. Author Robert Thompson recounts the harrowing story of this courageous woman, from her marriage at Prickett's Fort in 1780 to her return to the shores of the Monongahela. Thompson describes in vivid detail early colonial life in the Alleghenies and the ways of the Wyandot, providing historical context for this unforgettable saga.

About the AuthorRobert Thompson is a historian living in the St. Louis, Missouri area. A former career military officer, he holds a BA in History from Texas Tech University and was a Distinguished Graduate of the American Military University. He has previously published articles in the publications, America's Civil War and Military History.
