Samuel Eliot Morison : Admiral of the ocean sea: A life of Christopher Columbus (The American past) before purchasing it in order to gage whether or not it would be worth my time, and all praised Admiral of the ocean sea: A life of Christopher Columbus (The American past):

1 of 1 people found the following review helpful. An Excellent BookBy D CrowderAn excellent book delivered rapidly and as advertised.2 of 2 people found the following review helpful. Amazing ReadBy Prince Adomako-MensahI learned a lot about the life of Christopher Columbus, and the discovery of America reading this book. Excellent history literature..0 of 0 people found the following review helpful. Four StarsBy Robert A. PendergrassI was interested in navigational aspects but it has much more (maybe too much!)

Telling the story of the greatest sailor of them all, "Admiral of the Ocean Sea" is a vivid and definitive biography of Columbus that details all of his voyages that, for better or worse, changed the world. 50 drawings, maps charts; 4 fold-outs.

"A splendid achievement and a lasting monument of American scholarship. The style is delightful and flowing, and the whole work is replete with beauty and humor . . . [A] supremely valuable contribution to the literature on Columbus." --New York TimesAbout the AuthorSAMUEL ELIOT MORISON, Rear Admiral, United States Naval

Reserve (1887-1976), was an American historian noted for his works of history, especially maritime history, that were both authoritative and highly readable. At various times he held teaching positions at Berkeley, Oxford, and Harvard. A sailor as well as a scholar, he garnered numerous literary prizes, military honors, and national awards from both foreign countries and the United States, including the Presidential Medal of Freedom. His *Admiral of the Ocean Sea* won the 1943 Pulitzer Prize for Biography.
