**aa : Albion's Seed: Four British Folkways in America (America: A Cultural History) 1st (first) Edition by Fischer, David Hackett published by Oxford University Press, USA (1989)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Albion's Seed: Four British Folkways in America (America: A Cultural History) 1st (first) Edition by Fischer, David Hackett published by Oxford University Press, USA (1989):

0 of 0 people found the following review helpful. An excellent and insightful historical and sociological studyBy NAVY JACKAn excellent and insightful historical and sociological study. History the way it should be written. This is a book that every Southron should read. Learn where you came from, from whom you came and what it took to achieve the life you now enjoy. You will not learn this in the modern academy, much less in your high school history class. Having learned this, you might just gain a greater appreciation for your ancestors and your traditions. Perhaps, that appreciation will inform what you do in the near future to ensure those traditions survive and thrive in your descendants. Never say die!0 of 0 people found the following review helpful. I was so very pleased with the bookBy Gwendolyn GossI was so very pleased with the book. Also pleased with how quickly it arrived. This book is a must for anyone wanting to know how we and our ancestors did some of the quirky things they did. Also makes the history of our people so close to home. I am still enjoying the book. Thank you.0 of 0 people found the following review

helpful. Five StarsBy M. Rebecca Drewexcellent
