From OUP USA : Albion's Seed: Four British Folkways in America (America: A Cultural History) by Fischer, David Hackett New Edition (1992) before purchasing it in order to gage whether or not it would be worth my time, and all praised Albion's Seed: Four British Folkways in America (America: A Cultural History) by Fischer, David Hackett New Edition (1992):

4 of 4 people found the following review helpful. Fascinating Historical StudyBy DemoncratFischer examines the characteristics of four different groups of settlers from Britain, who founded the earliest permanent settlements in eastern North America, and points out enduring traces of those characteristics in the present United States. He identifies where they differ from area to area, and how those characteristics mark the politics, the culture, the food, the schooling. It is a fascinating cultural and ethnogeographic study, of interest to anyone exploring the historical development of the United States.
