**Robert A. Divine, T. H. Breen, R. Hal Williams, Ariela J. Gross, H. W. Brands : America: Past and Present, Volume 2 (10th Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised America: Past and Present, Volume 2 (10th Edition):

1 of 1 people found the following review helpful. Good rentalBy Ima ReaderRented this from for a nice price, however would probably rent the hard cover version next time because the cover of the paperback version is rather flimsy and was worried that they may not accept the condition of the returned book because the cover shows wear so easily. The price fluctuated dramatically on this as much as \$20 difference when I checked prices, so be sure to check it repeatedly during a day or three and catch it at the lower price. My rental for the paperback one for summer was around \$29, and price fluctuated to in the \$50's -- did the rental when I caught it at \$29.0 of 0 people found the following review helpful. ... to read this for my class and i actually enjoyed it. It wasn't a difficult or challenging read ...By Roldan PI had to read this for my class and i actually enjoyed it. It wasn't a difficult or challenging read and had some interesting and new information. History can be a bit dry at times and this is no exception but thats because reading history is boring and that can not be avoided. No real complaints except maybe that at times it was a little too

Focuses students on the story of American history. America : Past and Present integrates the social and political dimensions of American history into one chronological narrative, providing students with a full picture of the scope and complexity of the American past. Written by award-winning historians, it tells the story of all Americanselite and ordinary, women and men, rich and poor, white majority and minorities. MyHistoryLab icons are paired with images in the text for more thorough integration between the book and online resources.A better teaching and learning experience This program will provide a better teaching and learning experiencefor you and your students. Heres how: Personalize Learning The new MyHistoryLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.

"The approach transcends my outlook on teaching a survey course in American History. The text does a good job of incorporating new information and preceptions into the historical narrtive without taking away from the standard history of various time periods.The authors do an excellent job of integrating social and cultural issues without overburdenig the student reader." - James S. Taw, Valdosta State University "Sidebar essays highlight key moments in AmericanhHistory, and how historians interpret the past. It is a highly readable text, and an easy one fo teach from in class." - John Howard Smith, Texas AM University at Commerce "The narrative flow is exceptional and the chronoligical organization fits most of our instructors' teaching methodns. The content balances strict chronology with good topical coverage and depth of coverage. I believe the book has one of the best structures and provides just enough social history but remains focused on the course of key events and persons. This book has such a great variety of online resources for the instructors and excellent online supplementary materials for the students." - Laura Matysek Wood, Tarrant County College, Northwest "This is by far one of the best organized, most readable textbookscovering Unites States history available on the market today. It makes my job much easier, knowing that as i advance through time in my class lectures, students can follow along in the textbook in a logical sequence with the much appreciated timelines in each chapter." - Richard B. McCaslin, University of North Texas
