**George F. Kennan : American Diplomacy: Sixtieth-Anniversary Expanded Edition (Walgreen Foundation Lectures)** before purchasing it in order to gage whether or not it would be worth my time, and all praised American Diplomacy: Sixtieth-Anniversary Expanded Edition (Walgreen Foundation Lectures):

0 of 0 people found the following review helpful. AmazingBy Jeff RhodesGeorge Kennon is a gifted writer and a

forward thinking theorist. His influence in American foreign policy during the Cold War is likely a major contributing factor to the eventual defeat of Russian Communism.0 of 0 people found the following review helpful.

RecommendedBy JOSE RODRIGUEZ VASQUEZExcelent book.0 of 0 people found the following review helpful.

Required ReadingBy Titan UpRequired reading for anyone interested in Foreign Policy in the United States. Also an excellent primary piece of academic history.

For more than sixty years, George F. Kennans *American Diplomacy* has been a standard work on American foreign policy. Drawing on his considerable diplomatic experience and expertise, Kennan offers an overview and critique of the foreign policy of an emerging great power whose claims to rightness often spill over into self-righteousness, whose ambitions conflict with power realities, whose judgmentalism precludes the interests of other states, and whose domestic politics frequently prevent prudent policies and result in overstretch. Keenly aware of the dangers of military intervention and the negative effects of domestic politics on foreign policy, Kennan identifies troubling inconsistencies in the areas between actions and ideaeven when the strategies in question turned out to be decided successes.In this expanded sixtieth-anniversary edition, a substantial new introduction by John J. Mearsheimer, one of Americas leading political realists, provides new understandings of Kennans work and explores its continued resonance. As America grapples with its new role as one power among manyrather than as the indispensable nation that sees further into the futureKennans perceptive analysis of the past is all the more relevant. Today, as then, the pressing issue of how to wield power with prudence and responsibility remains, and Kennans cautions about the cost of hubris are still timely. Refreshingly candid, *American Diplomacy* cuts to the heart of policy issues that continue to be hotly debated today.These celebrated lectures, delivered at the University of Chicago in 1950, were for many years the most widely read account of American diplomacy in the first half of the twentieth century.*Foreign Affairs, Significant Books of the Last 75 Years*

A book about foreign policy by a man who really knows something about foreign policy.
