David E. Wilkins, Heidi Kiiwetinepinesiik Stark : American Indian Politics and the American Political System (Spectrum Series: Race and Ethnicity in National and Global Politics) before purchasing it in order to gage whether or not it would be worth my time, and all praised American Indian Politics and the American Political System (Spectrum Series: Race and Ethnicity in National and Global Politics):

0 of 0 people found the following review helpful. Very good book on the Politics dealing with Native American CountryBy Melvin S. MilesVery good book on the Politics dealing with Native American Country, but also with the legal system and case review of landmark Native American Country cases. Also, in depth information on legislatures affecting tribes.This was a required course book for Native American Politics at my college I attend.0 of 0 people found the following review helpful. Great book for those wanting to know more about Native Americans and Politics.By Janae FuquaHelped me learn a lot about Native Americans and how the political system really makes it hard for them to gain rights and assert their natural privileges such as freedom of religion. Highly recommend2 of 2 people found the following review helpful. excellent, authoritative resourceBy Tech, Books, CoffeeOne of the few studies of Native American politics out there today. I teach courses in racial and ethnic politics, and this book is incredibly helpful, not only for the arguments that Wilkins makes, but perhaps even more so because of its comprehensive scope--both historically, and with respect to political behavior \*and\* institutions.

Now in its third edition, American Indian Politics is the most comprehensive study written from a political science perspective that analyzes the structures and functions of indigenous governments (including Alaskan Native communities and Hawaiian Natives) and the distinctive legal and political rights these nations exercise internally, while also examining the fascinating intergovernmental relationship that exists between native nations, the states, and the federal government. The third edition contains a number of important modifications. First, it is now co-authored by Heidi Kiiwetinepinesiik Stark, who brings a spirited new voice to the study. Second, it contains ample discussion of how President Obama's election has altered the dynamics of Indian Country politics and law. Third, it contains more discussion of women's issues, several new vignettes, an updated timeline, new photographs, and updated charts, tables, and figures.
