From Oxford University Press : American Negro Slavery: A Modern Reader before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Negro Slavery: A Modern Reader:

Distinguished historians examine the genesis, development, and impact of slavery in America and explore related

areas of study.

"Easily the best anthology on the historical literature of slavery."--Clayborne Carson, Stanford University
"Excellent historical and sociological analyses of Black American slavery."--Richard T. Doi, Central Washington University
