David M. Kennedy, Lizabeth Cohen : American Pageant, Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised American Pageant, Volume 1:

1 of 1 people found the following review helpful. This textbook is amazing. I ordered it to accompany my online history ...By nicoleThis textbook is amazing. I ordered it to accompany my online history class, and couldn't be more pleased. The information contained in this book is organized clearly, with headings for each switch of topic that give a basic idea of what the section covers. There is also a lot of great extras included in the text, such as excerpts from letters, ads, and propaganda from the era it was covering. Some of the chapters are longer, but they aren't so long that I felt that I wasn't getting anywhere. They are mostly between 15 and 20 pages long. Overall I really like this book, and I'm glad I bought it. It has really helped my history grade and given me a great understanding of American history.0 of 0 people found the following review helpful. Five StarsBy NicoleJust as expected!4 of 4 people found the following review helpful. Not made to lastBy Cara L. SiscoThe book is well written and includes fantastic art however its

constructed to last one semester at most. The book appears to be printed on magazine paper with a weak binding and cheap cover. Obviously not made to last long. Very expensive for a paperback. - Hope I can resale it for at least half the price I paid.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt you to think about conflicting perspectives on controversial subjects. Additional aids make the book as accessible as it is enjoyable: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis.
