It was able to confirm things I knew and opened me up to another world of what I didn't know. In learning the struggles of the Jews it gave me a different outlook on them.I like the explanation of the Reform, Conservative and the Orthodox.This is a very good book for beginners. This is a very easy read but is has a lot of information. Authors did a great job.0 of 0 people found the following review helpful. Five StarsBy CustomerBoth this
