packed full of facts and is a great example of the research and detail that Ken Johnson is known for. It is so full of information that I think it is impossible to retain it all with just one read. The biblical names and ancient country names can get confusing if you read too much at once, but it is fantastic to find out the history of the ancient world. With the great influx of crazy teachings and downright unbiblical doctrines I have finally found someone that will give me honest and sound extra-biblical teaching. Many people look for other sources besides the bible to present a more precise picture of history, prophecy and certain Christian doctrines that many seem to want to toss out. Ken Johnson uses extra biblical sources that are historic or based on early teachings of the church, prior to the beginnings of Roman Church. He has a great amount of knowledge regarding prophetic symbolism and early church doctrines. If you are looking for other works to glean from, I highly recommend Ken Johnson's books. 2 of 2 people found the following review helpful. A great understanding of how nations were formed and divided from Noah on through his descendants - must read. By Eddie An interesting conglomeration of texts and information to form a combined decent understanding on how nations were formed and how the earth was divided through the centuries. If you ever wonder how nations or even the original kingdoms came to be and from whom, then please get this book. You will be impressed on the connections to Noah and his descendants. 0 of 0 people found the following review helpful. Ancient History Details. By Kindle Customer I highly recommend this well researched history of our very earliest beginnings. The author delved into many languages, documents, histories, including the Dead Sea Scrolls, cross referencing, checking every thing. It is has foot notes, bibliographies, and more.

Some questions answered: Who were the Pharaohs in the times of Joseph and Moses? When did the famine of Joseph occur? What Egyptian documents mention these? When did the Exodus take place? When did the kings of Egypt start being called "Pharaoh" and why? Who was the first king of a united Italy? Who was Zeus and where was he buried? Where did Shem and Ham rule and where were they buried? How large was Nimrod's invasion force that set up the Babylonian Empire, and when did this invasion occur? What is Nimrod's name in Persian documents? How can we use this information to witness to unbelievers? Brought to you by Biblefacts Ministries, Biblefacts.org
