Wish our political leaders would read this book! I know that Israel is the 'apple of God's eye' from Scripture, but had never drawn the correlation between our country's treatment of Israel and the consequences (even though I often thought, at the time, that George W.'s tenure seemed plagued with all kinds of disasters.) There's obvious connections between our-America's- interactions with Israel. Once you begin to see that there are major weather issues we've dealt with at a time when we don't stand with our allies, Israel, you won't view the weather phenomenon issues we have today the same!!!0 of 0 people found the following review helpful. Another reason we should bless Israel!By Robert A.An amazing correlation between the timing of natural disasters and the United States' political actions against Israel. Those familiar with Genesis 12:3 (I will bless those who bless you and curse those who curse you...) will understand what happened. Scoffers will say "What amazing coincidences!"

Is America on a collision course with God? There is a direct correlation between the alarming number of massive disasters striking America and her leaders pressuring Israel to surrender her land for "peace." Costing hundreds of lives and causing hundreds of billions of dollars' damage, dozens of disasters including devastating earthquakes, raging fires, hurricanes, floods, tsunamis, and violent tornadoes have hit Americaand always within twentyfour hours of putting pressure on Israel. What can you do as an individualand what can America do to change the direction of our country in relation to Israel and prevent the increasing number of calamities?

From the Back CoverGods everlasting promise to bless those who bless Israel and curse those who curse Israel is still in effect today. Throughout its history, America has been in a unique position to bless the Jewish people, and has experienced many blessings as a result. In more recent years, however, America has failed to consistently stand by Israel and suffered dramatic disasters. In this interesting and thorough book, McTernan traces the history of the Jewish people in America and how Americas spectacular rise to power was tied to blessing the Jews. He examines Americas integral role in fulfilling Gods plan for the rebirth of the Jewish nation, and details the times when our nation defaulted on this call. Through a stepbystep analysis of political events, McTernan gives conclusive proof that Gods judgment on those who curse Israel is still active. In every case where America has failed Israel, it has faced dramatic consequences within 24 hours.About the AuthorJohn P.
