Dr Clyde Winters : Atlantis in Mexico: The Mande Discovery of America before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlantis in Mexico: The Mande Discovery of America:

5 of 7 people found the following review helpful. africans before slavery and the slave tradeBy Mugisa Rathael Fambrovery good information on the african presence in the america's before slavery and the slave trade. main stream and academia, have ignored, misinformed, distorted, and lied, about africans for too long. very good scholarly work.3 of 9 people found the following review helpful. Total Afrocentric trash by a racist anti-Native American pseudo academic who's been trying to claim for many years that Native ABy An interested customerShould be awarded no

stars. Total Afrocentric trash by a racist anti-Native American pseudo academic who's been trying to claim for many years that Native Americans created nothing unless they learned it from African visitors alleged to be culturally superior. Complete garbage based on no evidence or evidence that's been manipulated to serve a pseudo-academic agenda.

Clyde Winters, PhD in this revised edition of *Atlantis in Mexico* gives us a history of the magnificent Olmec civilization founded by African explorers in Mexico. The Olmec civilization is recognized by many archaeologists as the Mother Culture of Mexico. In this book Dr. Winters discusses the rise of the first civilization in Mesoamerica. He explains how the Olmec originated in Africa, sailed to the Gulf of Mexico, built pyramids and introduced writing to the Maya. . In the latest edition of this book Dr. Winters provides a translation of the Cascajal stela, and Olmec calendrics.
