**S. A. Susaeta Ediciones : Atlas ilustrado de Cristbal Coln (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlas ilustrado de Cristbal Coln (Spanish Edition):

With a wealth of information on the life of Christopher Columbus, including hundreds of photographs and illustrations, this is a definitive and thorough biography of the venerated and occasionally controversial explorer. The book focuses on every stage of Columbuss life: his childhood in Genoa; the years he spent in Lisbon; his quest to find a benefactor and the subsequent four voyages to the New World; the allegations of corruption during his governorship of the island of Hispaniola and his ignominious arrest; and his final years and death. At each stage, his accomplishments and actions are placed within the larger sociopolitical and cultural context of the time period in which he lived; considerable attention is paid to the Catholic Kings and other rulers of the time, as well as on voyages undertaken by other explorers, including Vasco da Gama, Pedro lvares Cabral, and John Cabot. A final section examines Columbuss legacy, with a specific emphasis on what his voyages implied for the denizens of the New

World. Con una abundancia de información sobre la vida de Cristóbal Colón, incluyendo cientos de fotografías e ilustraciones, esta es una biografía definitiva y minuciosa del venerado y ocasionalmente polémico explorador. El libro se enfoca en todas las etapas de la vida de Colón: su niñez en Génova; los años que pasó en Lisboa; su búsqueda de un patrocinador y los subsiguientes cuatro viajes al Nuevo Mundo; las alegaciones de corrupción durante su gobernación de La Española y su ignominiosa detención; y sus últimos años y muerte. En cada etapa, sus logros y acciones se consideran dentro del contexto sociopolítico y cultural en el que se desarrolló; se le presta bastante atención al reino de los Reyes Católicos y otros gobernantes de la época, así como a los viajes emprendidos por otros exploradores, incluyendo Vasco da Gama, Pedro Álvares Cabral y Juan Caboto. Un último apartado examina el legado de Colón, con un énfasis particular en lo que sus viajes supusieron para los residentes del Nuevo Mundo.
