Everett Ferguson : Backgrounds of Early Christianity before purchasing it in order to gage whether or not it would be worth my time, and all praised Backgrounds of Early Christianity:

0 of 0 people found the following review helpful. InsightfulBy PJInsightful. Only read it because it was a mandatory textbook for a college course.0 of 0 people found the following review helpful. Five StarsBy helena spinattoExcellent resource0 of 0 people found the following review helpful. Three StarsBy honok

Having long served as a standard introduction to the world of the early church, Everett Ferguson's *Backgrounds of Early Christianity* has been expanded and updated in this third edition. The book explores and unpacks the Roman, Greek, and Jewish political, social, religious, and philosophical backgrounds necessary for a good historical understanding of the New Testament and the early church. New to this edition are revisions of Ferguson's original material, updated bibliographies, and fresh discussions of first-century social life, of Gnosticism, and of the Dead Sea Scrolls and other Jewish literature.

Currents in Theology and Mission "The text is excellent -- rich and amazingly detailed. A standard textbook, it would also be a good addition to a parish library." *Bryn Mawr Classical* This book provides a good introduction for students to the historical, cultural and religious environment of the New Testament.
