**Kenneth Senter : Barron's SAT Subject Test: U.S. History 3rd Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Barron's SAT Subject Test: U.S. History 3rd Edition:

0 of 0 people found the following review helpful. Honestly the worst book ever to prepare for history testsBy Jong J.Honestly the worst book ever to prepare for history tests. There's too much unnecessary information and the style of writing used is too confusing to read. I wasted half of my time trying to read over the last paragraph and trying to figure out what it means. Other books like kaplan or princeton review is more to the point and succinct. It uses too many words to describe simple things like the 13th amendment or the Missouri Compromise. I was so annoyed after reading like 50 pages. Honestly it's a waste of time and you don't get anything in your brain, because the writing used is so confusing. DO NOT USE THIS BOOK TO PREPARE!0 of 0 people found the following review helpful. This book can be frustrating and annoying in the way that it decides to describe informationBy Frank GentileThis book can be frustrating and annoying in the way that it decides to describe information. I have had to read the same sentence

over and over again on many occasions because half the words are unnecessary and the other half are arranged in a convoluted and irrational manner. The authors have the habit of INTRODUCING a topic with a totally confusing and superfluous appositive that renders the reader perplexed for the remainder of the sentence. If you are looking to review the material in a logical way, this book is a complete waste of time and money. 0 of 0 people found the following review helpful. Five Stars By CustomerGood

This updated edition provides a number of tools to help students succeed on the SAT Subject Test in U.S. History: A diagnostic test to help students pinpoint their strengths and weaknesses Three full-length practice tests with all questions answered and explained Timelines at the start of each chapter highlighting key events Test-taking strategies and tips for answering multiple-choice questions An in-depth review of U.S. history, starting with European colonization of North America and covering major topics that include: the Civil War and Reconstruction, the Great Depression, important Supreme Court cases, and more Review quizzes with answer explanations following every five chapters The manual can be purchased alone or with an optional CD-ROM that presents two additional full-length practice tests with automatic scoring and fully explained answers.
