Milton Steinberg : Basic Judaism (Harvest Book.) before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Judaism (Harvest Book.):

1 of 1 people found the following review helpful. A ClassicBy EWKA fabulous book from a brilliant mind.0 of 0 people found the following review helpful. Four StarsBy Micheal P. LEFEUVREGood price for book. Fast delivery2 of 2 people found the following review helpful. A Great Intro to Judaism and Perfect for Interfaith DialogBy MARTHA GRAHAMThis wee book is packed full of easy to understand information for anyone interested in learning about Judaism, or for Jewish folks who may be teaching a class on basic Judaism. It reads easily, is divided into

logical sections, and is a nice size and price for use in churches, mosques, library groups, anywhere interfaith dialog can be found. The information in it is accurate, free of bias regarding Orthodox, Conservative or Reformed Judaic points of view without ignoring that the differences in the three groups exist. A lot of little books like this which approach broad and deep subjects end up being facile and useless. This one does not.

Rabbi Steinberg identifies seven strands that weave together to make up Judaism: God, morality, rite and custom, law, sacred literature, institutions, and the people. A classic work directed to both the Jewish and the non-Jewish reader.

About the Author Milton Steinberg was an American rabbi, philosopher, theologian and author.
