**From Sulochana R Asirvatham : Between Magic and Religion: Interdisciplinary Studies in Ancient Mediterranean Religion and Society (Greek Studies: Interdisciplinary Approaches)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Between Magic and Religion: Interdisciplinary

*Between Magic and Religion* represents a radical rethinking of traditional distinctions involving the term 'religion' in the ancient Greek world and beyond, through late antiquity to the seventeenth century. The title indicates the fluidity of such concepts as religion and magic, highlighting the wide variety of meanings evoked by these shifting terms from ancient to modern times. The contributors put these meanings to the test, applying a wide range of methods in exploring the many varieties of available historical, archaeological, iconographical, and literary evidence. No reader will ever think of magic and religion the same way after reading through the findings presented in this book. Both terms emerge in a new light, with broader applications and deeper meanings.

Many of the papers provide new insights into the topics they cover. (Bmcr) Well-produced, eclectic collection [that] offers tantalizing glimpses at significant works in progress and in conversation on the history, theory and rhetoric of 'religion' and 'magic'. (The Journal of Hellenic Studies) Essays... offer valuable windows into the intimate connection between religion and cultural identity. (CHOICE) About the Author Sulochana R.
