Sean Surlow This a wonderful book in so many ways. I gave it 5 stars. There are 2 versions of it in English that I know of. This one is the more accessible in modern English. My only two complaints are that it should be offered in a nice cloth hardback edition, so that it can be read over and over again without falling apart and to lose the funky artwork on it. A solid color cover would be a much improvement. 0 of 0 people found the following review helpful. The expression of words and thought patterns amazed me with simplicity yet dynamic.
