Judea Trembles Under The Price Of This BookBy ALB529I'm giving this book one star for the ridiculous price. This is a \$24 book they are selling for \$499.00 and up used \$1000.00 and up new. Why even put the book up for sell for this price when you know there's not one person here who can afford it. I'm sure there's a hidden agenda why it's priced so high.The book is a great read in the free pdf format.
