Yehudah HaLevi : Kitab Al Khazari: (Book of the Khazar) before purchasing it in order to gage whether or not it would be worth my time, and all praised Kitab Al Khazari: (Book of the Khazar):

Framed as a dialog between the king of the Khazars, a Central Asian kingdom, and a Rabbi, the Khazari is an exposition of late medieval Jewish philosophy. Legend has it that the king of the Khazars held a symposium to decide whether his people should convert to Judaism, Christianity or Islam. This book is an account of the Jewish side of this debate.
