It is a fast read or you can savor it now and then for a quick trivia appetizer whenever the mood strikes you. 1 of 1 people found the following review helpful. A fun collection of facts with in-depth info on each one. By Brenda Johnson A fun collection of facts with in-depth info on each one. Not just a list of facts like other books. Enjoyed the different lengths of the items that allowed me to read it anytime I had the time. Well written and enjoyable. I will definitely be purchasing the next installment. 0 of 0 people found the following review helpful. Great book, very entertaining. By Jeffrey T. Bauguess This is a very entertaining book. You can read in short sittings or long stretches and there is always something new. Great series check them all out. I'm looking forward to the next book.

Are you ready to learn something new? The 2nd volume in the Knowledge Stew Guide series continues the quest to find the most interesting facts in the world. Take a journey through topics that range from science, history, and geography to food, entertainment, and business and learn the facts behind the facts. Discover things you might not have known about the moon, or why we're taller in the morning and shorter at night. Find out about a strange amusement park, a secret vault at Mt. Rushmore, or the world's most expensive coffee. These things, plus plenty more, are waiting for your brain to take them in. Just don't forget your spoon.
