Included testimonies and examples which helped the book to convey more than just a personal perspective, but a shared perspective. I would have liked the book to have been longer! I finished it in 2 days. I enjoyed it, it kept my interest, and it provided me with the information I was expecting to find within its pages. I have referred others to the book and the videos that the author has posted on youtube with visible proof of what he is describing. The end left me wanting more as the book was only a little over a hundred pages. However, I hope lots of people will read this book and start asking themselves the hard questions. I pray God will enlighten us all with revelation of what is true and what is false concerning testing the spirits of movements and manifestations, revivals, prophets, and apostles. The book gives you a lot to think about and is more valid because the author has personal experience and previous relationships with the people discussed in the book. I would like to read more of his books and recommend them. 1 of 1 people found the following review helpful. Keeping Your Eyes Open By Marlene R. On purpose, the author is writing about what he has personally witnessed and taken part in at least 20 years ago. He is no longer with that particular "movement". The author feels very strongly about being a "watchman" now; that it is his responsibility before God to warn others about the perverted, hideous practices going on in the churches today. This book exposes all the false teachings, deceptions, lies, etc. that took place and still take place, all in the name of God, to fool, deceive, hurt and basically rob God's people. Some people will be shocked to read this. You can see a lot of this on YouTube as well and the author also has a website where he shows you the things that go on. Not for the squeamish; not sure if the skeptical would believe this, so keep your eyes open and your mind open. The devil DOES walk about like a roaring lion for real; he just does it in different forms. 0 of 0 people found the following review helpful. Great book exposing the deception! By Andrea Strom has proved he is willing to go against the grain in order to speak the truth. I recognize some of these odd signs and manifestations from growing up in the church. It is a potent lie that many cling to and I am grateful there are some men of God who are willing to stand up and speak!

[NEW 2015 UPDATE]. Written by a genuine "Insider," this is the true story of one of the most frightening "invasions" in the history of the church - and the fight to keep it out. Andrew Strom has been part of the Charismatic movement for over 30 years - and was deeply involved in the modern "Prophetic" movement for 11 of those years. He is the founder of RevivalSchool.com and the International REVIVAL List. In this book, Strom traces this mass invasion of false spirits back to 1994, and shows how it culminated in the bizarre events surrounding Todd Bentley and the Lakeland revival in 2008. Also included in this 2015 edition are new warnings about Bill Johnson, Bethel church and the New Age-type practices that have been appearing in that movement. What are 'Kundalini' spirits? What are the signs of their presence? And how can such an invasion be turned around? All this and more is discussed in this provocative book. "A 'MUST READ'" - The Voice Magazine. "The church of Jesus Christ does not realize that it has been infiltrated by demonic forces. Discernment has been lost! A book that is beyond needful." - Greg Gordon, SermonIndex.
