María Isabel Grau : La revolucin negra: La rebelion de los esclavos en Haiti 1791-1804 (Historias Desde Abajo) (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised La revolucin negra: La rebelion de los esclavos en Haiti 1791-1804 (Historias Desde Abajo) (Spanish Edition):

0 of 0 people found the following review helpful. I teach literature at the university and bought this book to get certain historical details of Haitian Revolution for a better unBy Victor MoralesI ordered two copies of this book. The first one arrived really fast (five days) but for the second one I waited close to a month. Once I contacted the seller -I received a very fast and courteous answer-, the book arrived the next day. I teach literature at the university and bought this book to get certain historical details of Haitian Revolution for a better understanding (for the students of the course) of the novel *El reino de este mundo*, by Alejo Carpentier. This book teach you in a very easy and organize way, analyzing the real events, causes and effects of the Haitian revolution against Napoleon's Empire, including the English, Spanish, and USA interventions. The best: what you get for the price.

Published in the series *Historia desde abajo* (History from Below), this is the inspiring story of the armed rebellion in Haiti (1791-1804), when black slaves, led by Toussaint Louverture, adopted the French Revolution's cry for liberty, equality, and fraternity, leading to the island colony's own declaration of independence in 1804.

About the AuthorMara Isabel Grau is a professor of history in Buenos Aires, Argentina.
