David A. Woolsey : Libations of the Eighteenth Century: A Concise Manual for the Brewing of Authentic Beverages from the Colonial Era of America, and of Times Past before purchasing it in order to gage whether or

not it would be worth my time, and all praised Libations of the Eighteenth Century: A Concise Manual for the Brewing of Authentic Beverages from the Colonial Era of America, and of Times Past:

0 of 0 people found the following review helpful. Very coolBy ZukeAlthough it is a cool book with info on alcoholic drinks of the colonial era, I thought it was going to be more beer and spirit recipes than it has.2 of 3 people found the following review helpful. Sketchy historical info. Good brewing info.By Gaines I MilliganThis book should "stick to its knitting" about historical beer recipes and not try to be a historical tome. The beer history rap was interesting but very poorly documented and written in a sloppy way. Fortunately the book consisted of mostly technical information and easy-to-follow well-researched recipes.The first chapters relative to beer history could benefit from collaboration with a historical scholar.3 of 3 people found the following review helpful. we especially like the recipe of shrubBy CustomerThis book is very handy for the reenacting that we do.we especially like the recipe of shrub,it gos over big at rendezvou. This book was easonably priced and delivered on scheduled. we enjoy it.

A manual dedicated to recreating the brewed beverages that existed in the American Colonies. All of the historic recipes were documented as dating from 1800 or earlier, and all were taste-tested. The book consists of more than fifty recipes for ale, beer, mead, hard cider, and mixed drinks, including an award winning recipe for porter. Along with the recipes is a how-to chapter on brewing. There is an additional chapter on non-alcoholic brews, such as tea and coffee, and herbalsubstitutes for both. Plus, a section on making non-alcoholic beer, and carbonated soft drinks.

"Very educational..., I really enjoyed it." -- Peter Allen...with nine chapters the book covers a wide variety of beverages from colonial as well as earlier historic periods -- THE LOYALIST GAZETTE...with nine chapters the book covers a wide variety of beverages from colonial as well as earlier historic periods -- THE LOYALIST GAZETTEA good book that covers an era of history and of brewing that is rarely touched in other how-to books. -- M. Christopher New, author of Maryland Loyalists in The American RevolutionVery educational... -- Peter AllenVery educational..., I really enjoyed it. -- Peter AllenFrom the PublisherA manual dedicated to recreating the brewed beverages that existed in the American Colonies.
