PetersonDr. LaCelle-Peterson did great work here. It is thorough and thought provoking. Because I'm sure to continually glean from the contents which will include reading the detailed footnotes, I should have bought it in print instead of kindle. However, the kindle version is well indexed and fairly easy to navigate. I would highly recommend this for all college educated Evangelical women who are struggling to untangle the schizophrenic messages handed down to them in their churches.0 of 0 people found the following review helpful. Kristina LaCelle-Peterson seeks both to affirm the central place of Scripture in the Christian life and to highlight the liberating nature of the gospel for both men and women. To do this the author considers the biblical ideal for human beings and then proceeds to offer a biblical foundation for each of the topics under discussionidentity, body image, personal relationships, marriage, church life, and language for God. Along the way she examines the cultural nature of gender roles and the ways in which they have become entangled with ecclesial expectations. This book will help women better appreciate themselves as women, gain a better understanding of their value in God's eyes, and recognize their potential for meaningful engagement in a variety of relationships and vocational callings.

From the Back CoverIn this work, Kristina LaCelle-Peterson seeks to affirm the central place of Scripture in Christian life and highlight the liberating nature of the gospel for both men and women. She first considers the biblical ideal for human beings and then offers a biblical foundation for various topics, from identity and body image to language for God. She also examines the cultural nature of gender roles and the ways in which these roles have become entangled with ecclesial expectations.Liberating Tradition offers a clear, Christian perspective on the issues that women face in the twenty-first century. The book does not provide a Christian gloss on the field of gender studies as it exists, but rather offers a gender-informed, scholarship-based, Christian platform from which to enter into dialogue with the scholars and scholarship that constitute that field."Powerfully written, powerfully argued. A real manifesto for those desiring a biblical understanding of the manifold issues associated with our concepts of gender."--Catherine Kroeger, founder and former president of Christians for Biblical Equality"LaCelle-Peterson has written a book that is at once biblical, engaging, comprehensive, forthright, balanced, and caring. It should be especially helpful for those on the 'women's side' of the debate to read something as irenic as this; and hopefully these same features will calm some of the rhetoric on the other side. I am glad to commend it to all."--Gordon Fee, professor emeritus, Regent College; coauthor, *How to Read the Bible for All Its Worth*"Compelling, informative, and comprehensive! This book does exactly as the title suggests--liberates. If one wants to read a single book to understand gender issues, this is it! Simultaneously, the reader is inspired to 'lean into all God created us to be.'"--Jo Anne Lyon, founder/chief executive officer, World Hope InternationalAbout the AuthorKristina LaCelle-Peterson (PhD, Drew University) is associate professor of religion at Houghton College in Houghton, New York, and is an ordained elder in the Free Methodist Church.
