**Donald T. Phillips : Lincoln on Leadership: Executive Strategies for Tough Times** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lincoln on Leadership: Executive Strategies for Tough Times:

4 of 4 people found the following review helpful. What makes a great leader - the 1st examination of Lincoln, in an

easy to read, short book !By TheCoastiesThis is a book used by our homeschool group for The Business of English. Very interesting read with inspirational and encouraging biographical notes on a man who by all appearances never seemed destined for greatness. Read this with your struggling teen :)5 of 6 people found the following review helpful. Lincoln on Leadership-A Great Way to Learn about Lincoln's Management TheoriesBy Bboop41I am reviewing this product to assist other consumers in making informed choices in what they buy. I am providing my honest opinion for others. Honesty is stressed for reviewers. Both positive and negative reviews are encouraged. There is no compensation or repercussions that bias my opinion. If my review was helpful, please click the Helpful button.How I rate items:1 Star: (I hate it!!!): I would NOT recommend.2 Stars: (I dont like it): But, the product has some slight redeeming quality.3 Stars: (Its O.K.): Others may like it more than I do.4 Stars: (I like it): Good product, but it may have some minor issues.5 Stars: (I love it!!!): Perfect item and I will recommend it.I have had this book for years. But, I am working on my reviews and thought I would put one our for this book. I have probably read this book, at least, three times. I have used references from this book many times more than this during graduate school. Phillips does a great job breaking down Lincoln's MWA (Managing while Walking Around) theory. Lincoln felt that the best way to "manage" people was in the midst of them. You cannot know what your staff is doing unless you can see what they are doing, speak with them at their level and be where they are. I use this in my own management. I would recommend this book and have done so many, many times. The book is also short enough to be an easy-read, while educational in it's theories.2 of 2 people found the following review helpful. OK but not something that is going to turn you into a great leaderBy CustomerThis book was definitely interesting. However, if you're looking to invest your time and money reading it there's an important question you have to ask "Why am I reading this?" If you're reading this to be entertained, then by all means go for it. The stories about Lincoln are some I've never heard, are simple to understand and give you a great perspective on Lincoln's life that I haven't found anywhere else, including Speilburg's movie.However, the compare contrast model that he used was a little disconnected. The stories of Lincoln and the way he reviewed them afterwards were very patchy. It felt like being in Sunday school, listening to a Bible story and then hearing the pastor relate the parable to something we experience in the real world. I feel like you can use anything as an analogy, but when it comes to relating what Lincoln did in the war to what we experience on a daily basis, I just didn't feel it.

Lincoln on Leadership is the first book to examine Abraham Lincoln's diverse leadership abilities and how they can be applied to today's complex world.You think you have it rough?Only ten days before Abraham Lincoln took the oath of office in 1861, the Confederate States of America seceded from the Union, taking all Federal agencies, forts, and arenas within their territory. To make matters worse, Lincoln, who was elected by a minority of the popular vote, was thought of by his own advisors as nothing more than a gawky second-rate country lawyer with no leadership experience.What Lincoln did to become our most honored and revered president is history; now his wisdom and leadership philosophy can help you run your business. In Lincoln on Leadership you'll discover why you should:Seize the initiative and never relinquish it.Wage only one war at a time.Avoid issuing order and instead request, imply, or make suggestions.Once in a while, let things slip, unbeknownst-like... and much much more.

"Remarkable...a lively and entertaining study that delivers uncommon good sense."USA Today"If Lincoln's examples were taken to heart, life undoubtedly would improve up and down the corporate line."New York TimesAbout the AuthorDonald T. Phillips is the bestselling author of eighteen books, including Lincoln on Leadership and On the Wing of Speed. He has also collaborated on books with Mike Krzyzewski (Coach K of Duke University), Phil Mickelson, and Cal Ripken, Jr.
