W.C. Jameson : Lost Mines and Buried Treasures of The Guadalupe Mountains before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lost Mines and Buried Treasures of The Guadalupe Mountains:

0 of 0 people found the following review helpful. Wonderful book full of ghost stories and buried treasure By Customer The reader really needs to know up front that this is not a treasure map book. It's not spelled out up front, but instead is stated much later that: **IT IS ILLEGAL TO TREASURE HUNT IN STATE AND NATIONAL PARKS.** Yep, it's a felony. However, knowing that, the book itself brims with tales of lost treasure, close calls, missed

opportunities, and possibly guardian spirits. All in all, a fantastic read.0 of 0 people found the following review helpful. Three StarsBy Desert GuardianSome good info, some that is in many of the books on the subject but worth the read.0 of 0 people found the following review helpful. good informationBy Pat Courtneyinteresting book on the southwest

Many professional treasure hunters are convinced that more lost mines and buried treasures are associated with the Guadalupe Mountains of West Texas than any other single geographic region in the world. The evidence supports this notion. This unique mountain range, a millions-of-years-old uplifted barrier reef in the Trans-Pecos desert has been home to Apaches, wolves, bears, mountain lions, and large rattlesnakes. According to long-standing lore, along with a number of significant discoveries, it is also a prime location for lost mines and buried treasure.

About the AuthorW.C. Jameson is the award-winning author of more than sixty-five books and over 1,500 articles and essays. He is the creator and author of the W.C. Jamesons Buried Treasures of America Series which includes twenty-five volumes on lost mines and buried treasures in the United States. A professional treasure hunter for more than five decades, Jameson has appeared on The History Channel, The Discovery Channel, Nightline, Unsolved Mysteries, PBS, and NPR. He served as an advisor to the film National Treasure and appeared in a rare interview on the DVD.
