I understand the reasons why- but I couldn't follow it at all- and I felt like the wordage was intentionally confusing!0 of 0 people found the following review helpful. Five StarsBy Frederick G. following review helpful. Historical means to critical thinkingBy scottAn excellent source of documents, letters and notes written in the 16th and 17th century giving actual accounts of the people during the time of Americas struggles of expansion.

Designed to encourage critical thinking about history, the MAJOR PROBLEMS IN AMERICAN HISTORY series introduces readers to both primary sources and analytical essays on important topics in American history. The collection of essays and documents in MAJOR PROBLEMS IN AMERICAN COLONIAL HISTORY introduces readers to American colonial history and, in this third edition, presents a radically new vision of the subject in accordance with developments in the way the subject is currently taught. Most importantly, this new edition takes a more continental and thematic approach. Each chapter contains an introduction, headnotes, and suggestions for further reading.
