Designed to encourage critical thinking about history, the MAJOR PROBLEMS IN AMERICAN HISTORY series

introduces you to both primary sources and analytical essays on important topics in U.S. history. This collection serves as the primary anthology for the introductory survey course, covering the subject's entire chronological span. Comprehensive topical coverage includes politics, economics, labor, gender, culture, and social trends. The fourth edition has been revised to reflect two new historiographical trends: the emergence of the history of religion as an exceptionally lively field and the internationalization of American history. Several chapters include images, songs, and poems to give you a better "feel" for the time period and events under discussion. Key pedagogical elements of the Major Problems format have been retained: chapter introductions, headnotes, and suggested readings.
