From Ethridge Robbie Shuck Hall Sheri M : Mapping the Mississippian Shatter Zone: The Colonial Indian Slave Trade and Regional Instability in the American South before purchasing it in order to gage whether or not it would be worth my time, and all praised Mapping the Mississippian Shatter Zone: The Colonial Indian Slave Trade and Regional Instability in the American South:

0 of 0 people found the following review helpful. Focus on Southeast IndiansBy gade04This book focuses on why the Missippian chiefdoms shattered into confederacies, were absorbed by other groups, etc. in the prehistoric and historic period.0 of 0 people found the following review helpful. Outstanding!By teacherCompelling, fascinating description of shifting, changing American diaspora. Collection of essays with sweeping introduction raising points you don't see much elsewhere. I've read a lot on this topic and this is my favorite.0 of 0 people found the following review helpful. Five StarsBy John G. Crowleyfine

During the two centuries following European contact, the world of late prehistoric Mississippian chiefdoms collapsed and Native communities there fragmented, migrated, coalesced, and reorganized into new and often quite different societies. The editors of this volume, Robbie Ethridge and Sheri M. Shuck-Hall, argue that such a period and region of instability and regrouping constituted a shatter zone.

"Editors Ethridge and Shuck-Hall have crafted a unique anthology on a little-studied subject: the very specific cause-and-effect relationships of European contact with the Mississippian world of eastern North America."C. R. Kasee, Choice
