Richard Bruce Winders : Mr. Polk's Army: The American Military Experience in the Mexican War (Williams-Ford Texas AM University Military History Series)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mr. Polk's Army: The American Military Experience in the Mexican War (Williams-Ford Texas AM University Military History Series):

2 of 2 people found the following review helpful. A different perspective of the War with MexicoBy Eugene M YayoshiA very interesting view of a war that I have read several books about. The excerpts from letters and diaries and personal insight show a side of the war that participants of all wars express. The exotic nature of a "Foreign" war show that soldiers from privates to senior officers felt that they had to express their feelings and experiences to others to help understand what they were going through. The politics of the war and its impact on the president's policies on the conduct of the war is enlightening as is his goals to create a nation from sea to shining sea. The politics of Mexico were also interesting and may cause me to look deeper into the subject.2 of 3 people found the following review helpful. Best overallBy Ernesto ManzoThis book is not so much about the war itself but the workings of the army itself. It is as complete a study on the subject as there is. This is a must read for any student of military of the era.0 of 0 people found the following review helpful. Five StarsBy Robert E. BolliGood service and excellent book on Mexican War.

A study of the American military experience in the Mexican War. Drawing on diaries, journals and reminiscences, it presents the daily life of soldiers at war; links the army to the society that produced it; and concludes that American participants in the Mexican War shared a common experience.

About the AuthorRICHARD BRUCE WINDERS received his Ph.D in history from Texas Christian University in 1994. He is the assistant editor of the Encyclopedia of the Mexican War as well as historian and curator of the Alamo.
