Now in paperback! Here is an entirely new and comprehensive commentary by canon lawyers from North America and Europe, with a revised English translation of the Code. It reflects the enormous developments in canon law since the publication of the original commentary. New features: o A focus on the lived experience of the Latin Church since the promulgation of the 1983 Code o Inclusion of significant canonical developments made since 1983 by the Council for the Interpretation of Legislative Texts, as well as recent Papal statements o An accounting of disputed canonical questions such as lay exercises of jurisdiction o An effort to take into consideration the 1990 Eastern Code o An effort to engage other commentaries on the 1983 code that have been published since its promulgation An indispensable pastoral reference work, this book belongs in every parish, rectory, university and seminary library.
