**Elie Wiesel : Night (Night)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Night (Night):

3 of 3 people found the following review helpful. So powerful! So Moving!By RtisticMeI loved this book, though I was horrified by what I was reading. Elie Wiesel suffered great loss and tragedy and saw such atrocities! And he brought me along with him. To read his perspective of what was happening around him at such a young age was gut

wrenching. If you are interested in the Holocaust, it is a must read. I just happened to read it before visiting the Holocaust Museum in DC. It made all of the difference to me. I could hear Mr. Wiesel's words. I could smell the smells and hear the sounds, yet not a word was spoken in the museum. I would recommend this to anyone and everyone. Both of my children have to read it for school and I am thrilled that they will learn from a first hand account. 0 of 0 people found the following review helpful. Lest we forget By Barbara It is hard to rate or review like "Night". The written descriptions are so vivid and tragic, you wish no one ever had to go through something so horrific. This should be a must read for all humans, to allow us to better empathize with one another on a human level, no matter race, religion or creed. 1 of 1 people found the following review helpful. A Very Important Book By Orville Wright I was not aware of this book until the announcement of Elie Wiesel's death recently. This is an important and well written book about the horrors of the Nazi death camps from the perspective of a victim who was lucky enough to survive the end of the war. I wish I had read this book years ago. I find it incredible that there are still people who deny that the holocaust even happened. This book is a testament to their willful blindness.

Alert: This product may be shipped with or without the inclusion of the Oprah Book Club sticker. Please note that regardless of the cover, the books are identical. Night is Elie Wiesel's masterpiece, a candid, horrific, and deeply poignant autobiographical account of his survival as a teenager in the Nazi death camps. This new translation by Marion Wiesel, Elie's wife and frequent translator, presents this seminal memoir in the language and spirit truest to the author's original intent. And in a substantive new preface, Elie reflects on the enduring importance of Night and his lifelong, passionate dedication to ensuring that the world never forgets man's capacity for inhumanity to man. Night offers much more than a litany of the daily terrors, everyday perversions, and rampant sadism at Auschwitz and Buchenwald; it also eloquently addresses many of the philosophical as well as personal questions implicit in any serious consideration of what the Holocaust was, what it meant, and what its legacy is and will be.

.com In Nobel laureate Elie Wiesel's memoir Night, a scholarly, pious teenager is wracked with guilt at having survived the horror of the Holocaust and the genocidal campaign that consumed his family. His memories of the nightmare world of the death camps present him with an intolerable question: how can the God he once so fervently believed in have allowed these monstrous events to occur? There are no easy answers in this harrowing book, which probes life's essential riddles with the lucid anguish only great literature achieves. It marks the crucial first step in Wiesel's lifelong project to bear witness for those who died. A slim volume of terrifying power. The New York Times Required reading for all of humanity. Oprah Wiesel has taken his own anguish and imaginatively metamorphosed it into art. Curt Leviant, Saturday To the best of my knowledge no one has left behind him so moving a record. Alfred Kazin What makes this book so chilling is not the pretense of what happened but a very real description of every thought, fear and the apathetic attitude demonstrated as a response . . . Night, Wiesel's autobiographical masterpiece, is a heartbreaking memoir. Wiesel has taken his painful memories and channeled them into an amazing document which chronicles his most intense emotions every step along the way. Jose Del Real, Anchorage Daily News As a human document, Night is almost unbearably painful, and certainly beyond criticism. A. Alvarez, Commentary From the Inside Flap Born in the town of Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's testimony to what happened in the camps and of his unforgettable message that this horror must never be allowed to happen again. This edition also contains a new preface by the author.
