Doris Kearns Goodwin : NO ORDINARY TIME: Franklin and Eleanor Roosevelt: The Home Front in World War II. before purchasing it in order to gage whether or not it would be worth my time, and all praised NO ORDINARY TIME: Franklin and Eleanor Roosevelt: The Home Front in World War II.:

3 of 3 people found the following review helpful. Excellent, excellent, excellent By Al Austin We have toured FDR's

family home several times, and some of the guides told stories that suggested that this was a very unusual marriage. When I saw this book, I was eager to learn more, and it did not disappoint. Goodwin does a masterful job of giving us just enough detail, without being tedious. This is as good a page-turner as most fiction books, and I couldn't put this book down. FDR and Eleanor will always be two of our greatest American heroes during some of our country's darkest times. I am grateful that Goodwin shared this piece of their lives with us. 1 of 1 people found the following review helpful. Great road trip cd By Sheila Played this on a 700 mile road trip. It is excellent, totally up to Doris Kearns Goodwin's usual standard. Her books always bring history to life, and you always learn something even if it's a topic you feel you are well versed in. Her style makes it very easy to read/listen to. The narrator on this was very good, bookmarked by Ms Goodwin's remarks at the beginning and end. 8 of 8 people found the following review helpful. If you have even a modicum of interest in this period, read this book. By Shawn S. Sullivan Doris Kearns Goodwin is simply at her best in *No Ordinary Time*. It is a wonderful historical narrative of what went on inside the White House during the Depression, the years leading up to the war and WWII itself. Dr. Goodwin picked a topic and added an immense amount of research and color to it. She manages to astutely put the reader into the Roosevelt White house and the relationship between these two towering figures. Yet she never allows the reader to lose site of the bigger picture, always seamlessly bringing a broader historical framework back into her pages. Her depiction of FDR's true leadership but failure at in-depth human relationships is well done. Her look at the pioneering Elenor Roosevelt and her inability to slow down and deal with a marriage even after a near failure in its very nascent stages, her desire to influence her husband to keep the social progress of the New Deal alive when his hands were beyond full leading an all-encompassing war effort and her jealousies of women with social graces is truly terrific stuff. Literally all the players that set both the world stage are there with much of her attention at the White House where friends, family, advisors, lovers, and world leaders lived and stayed and created a dynamic that literally shaped U.S. policy during this incredible period of world history. One could go on about how well each topic is covered. Suffice it to say this is one well done book. If the reader desires to learn more about another relationship that greatly effected the war effort, I would recommend "Franklin and Winston" by Jon Meacham or, for a broader and terrific work on the period, "Freedom From Fear" by David M. Kennedy (part of the Oxford History of the United States). For a great couple of historical fiction pieces I would pick up "Winds of War" and "War and Rememberence" by Herman Wouk (don't let a poor televions mini-series poison your view of a couple of terrific novels that give you a feel for a period that even the best writers of narrative history, simply cannot given the purpose of their writings).

Winner of the Pulitzer Prize for History, *No Ordinary Time* is a monumental work, a brilliantly conceived chronicle of one of the most vibrant and revolutionary periods in the history of the United States. With an extraordinary collection of details, Goodwin masterfully weaves together a striking number of story lines Eleanor and Franklins marriage and remarkable partnership, Eleanors life as First Lady, and FDRs White House and its impact on America as well as on a world at war. Goodwin effectively melds these details and stories into an unforgettable and intimate portrait of Eleanor and Franklin Roosevelt and of the time during which a new, modern America was born.

.com A compelling chronicle of a nation and its leaders during the period when modern America was created. With an uncanny feel for detail and a novelist's grasp of drama and depth, Doris Kearns Goodwin brilliantly narrates the interrelationship between the inner workings of the Roosevelt White House and the destiny of the United States. Goodwin paints a comprehensive, intimate portrait that fills in a historical gap in the story of our nation under the Roosevelts. From Publishers Weekly Goodwin's account of the Roosevelt presidency during WWII highlights America's changing domestic front. Copyright 1995 Reed Business Information, Inc. From Library Journal Goodwin (The Fitzgeralds and the Kennedys, LJ 2/15/87) here focuses upon the wartime White House, "a small, intimate hotel" frequented by Churchill, Harry Hopkins, Lorena Hickock, Missy LeHand, and other guests of the state and of the Roosevelts. Goodwin's eye for life's details catches Franklin's ongoing quarrel with the kitchen, the feel of the map room, Eleanor's unease at the cocktail hour, FDR's delight in this ritual, and many other scenes. Her portraits of ER and FDR are highly sympathetic, showing them heroically-but by no means flawlessly-leading an unwilling nation into the wartime effort that helped defeat the Axis and changed America unimagably. Goodwin's narrative, based upon interviews and other primary research and deeply informed by the scholarship of others, will keep company with the best works in the vast Roosevelt canon and will absorb and delight a wide readership. For all libraries. Robert F. Nardini, North Chichester, N.H. Copyright 1994 Reed Business Information, Inc.
