John Mack Faragher, Mari Jo Buhle, Daniel H. Czitrom, Susan H. Armitage : Out of Many: A History of the American People, Volume 1, Books a la Carte Edition Plus REVEL -- Access Card Package (8th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Out of Many: A History of the American People, Volume 1, Books a la Carte Edition Plus REVEL -- Access Card Package (8th Edition):

2 of 2 people found the following review helpful. i dont often give digital purchases a one star. ...By DylanUSArmyRet.i dont often give digital purchases a one star. this particular one is getting one because it is simply incompatible with all forms of technology that i own. i am an individual who has sustained significant vision loss due to a combat related injury. this book is not compatible with the kindle 3g keyboard, the kindle paper white, or even my

windows 10 laptop. thus the only medium in which i could read this was my Iphone 6 plus. not really an option. please either format your books to work with an actual kindle or at least patch them to work with windows 10 as they dont even work with windows 8 yet.0 of 0 people found the following review helpful. Out of Many is an interesting seriesBy bogcCollege Textbook. It is very enlightening in someways but the first book in the series left out most of the religious reasons why our ancestors came to America.0 of 0 people found the following review helpful. Not even a bookBy CustomerNot impressed at all...I ordered this book and it was not a book at all just a ton of pages that were "placed" in a binder. However, the majority of the pages are ripped so the binder holes aren't even durable to stay in the binder. Not impressed that I just wasted my money on this especially being I need to use this for my class.Oh and it did not come with any access code like it said it would.

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. For courses in U.S. History This package includes MyHistoryLab Show students how diverse communities and different regions have shaped America Out of Many: A History of the American People, Eighth Edition offers a distinctive and relevant approach to American history, highlighting the experiences of diverse communities of Americans in the unfolding story of our country. The only American history text with a truly continental perspective, Out of Many offers community vignettes from New England to the South, the Midwest to the far West that help students see how diverse communities and different regions have shaped America's past. By focusing on particular communities and regions, Out of Many weaves the stories of the people and the nation into a single compelling narrative that continues to this day. Enhance learning with MyHistoryLab MyHistoryLab for the U.S. History Survey course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what theyve learned. And Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyHistoryLab does not include an eText.

NOTE: The print component included in this package is a Pearson Books a la Carte edition: a convenient, three-hole-punched, loose-leaf text. In addition to the flexibility offered by this format, Books a la Carte editions offer students great value, as they cost significantly less than a bound textbook. Out of Many: A History of the American People, Eighth Edition is also available via REVEL, an immersive learning experience designed for the way today's students read, think, and learn. 0134126866 / 9780134126869 Out of Many: A History of the American People, Volume 1, Books a la Carte Edition plus MyHistoryLab for U.S. History Survey Access Card Package, 8/e Package consists of: 0205962483 / 9780205962488 Out of Many: A History of the American People, Volume 1, Books a la Carte Edition, 8/e 0205967779 / 9780205967773 MyHistoryLab for U.S. History Survey Access Card

Out of Many is a fine synthesis of U.S. political, social, and cultural history, with splendid attention to region ... engagingly written and illustrated for students. -Michael J. Pfeifer, John Jay College of Criminal Justice / History The text provokes student excitement by initiating interesting stories augmented by illuminating but not excessive details. The review questions enable students to prepare for class discussion and the recommended readings provide a starting point for students wishing to delve further in a particular topic. -Dr. Deborah Welch, Longwood University The community vignettes are the most compelling feature of the textbook, marking this text as unique and at once scholarly and accessible. I admire these essays greatly and when reading them feel I myself am learning from some of the best scholars in the field. -TJ Boisseau, University of Akron the overall presentation is very effective in every way. In the end that is the most important attribute. I would certainly describe it as one of the best textbooks on the market today. -Burton Peretti, Western Connecticut State University an excellent text for instructors to use as they look for interesting information to add to their lectures. -Thomas Clarkin, San Antonio College From what Ive seen over the years, the authors of Out of Many have proven to be very responsive to changes in the field, regularly broadening their geographic focus, highlighting the experiences of a wider variety of historical actors, and more meaningfully exploring global forces that have impacted American history. Thus, its most compelling attribute would have to be its sheer ambition in attempting to remain as current as possible, and it mostly succeeds. -Jeffrey M. Schulze, University of Texas at Dallas It is an easy-to-read, engaging text that gives students the information they need without bogging them down in unnecessary details, and it doesnt tell students how to think but rather gives them the information they need to draw their own conclusions. -Cynthia Carter, Florida Community College at Jacksonville The main headings and subheadings help to navigate both instructor and student into a chronological and topical advance which both challenges and elevates critical thinking. -Dr. John S. Leiby, Paradise Valley Community College From the Back Cover More than 4 million students are now using Pearson MyLab products! Here are just a few ways MyHistoryLab can help you save time and improve results: Pearson eText Just like the printed text, students can highlight and add

their own notes. Students save time and improve results by having access to their book online. Gradebook Students can monitor their progress and instructors can monitor the progress of their entire class. Automated grading of quizzes and assignments helps both instructors and students save time and monitor their results throughout the course. History Bookshelf This compendium of resources includes up to 100 most commonly assigned history works like Thomas Paines Common Sense , Upton Sinclairs The Jungle , and Machiavellis The Prince . To order this book with MyHistoryLab access at no extra charge, use ISBN 9780205108718. www.myhistorylab.com About the Author Mari Jo Buhle, a MacArthur Fellow, is Harrison S. Kravis Professor of American Civilization and History at Brown University. John Mack Faragher is the Howard R. Lamar Professor of History and American Studies at Yale University. He is the author of many books on the American frontier, including Daniel Boone: The Life and Legend of an American Pioneer, which received a Los Angeles Times Book Prize, and, most recently, A Great and Noble Scheme. Daniel Czitrom is professor of history at Mount Holyoke College, the author of "Media and the American Mind: From Morse to McLuhan", and coauthor of "Out of Many: A History of the American People".
