**Timothy P Mahoney : Patterns of Evidence: Exodus: A Filmmaker's Journey** before purchasing it in order to gage whether or not it would be worth my time, and all praised Patterns of Evidence: Exodus: A Filmmaker's Journey:

0 of 0 people found the following review helpful. Great book, great premise, elegant answer to resolve apparent problems that the "professionals" should so easily see.By Bruce SearlWow! This is a great book that goes into much more detail than the movie. The premise is well supported and is "duh" simple. Great work, great resource, great example of once again, the Bible being more accurate than people tend to realize.1 of 1 people found the following review helpful. Outstanding! Dates given are within just a few years ...By James C.Outstanding! Dates given are within just a few years of being right on the money.0 of 0 people found the following review helpful. Outstanding in every way. Objective, fact-based, eye-opening ...By CustomerOutstanding in every way. Objective, fact-based, eye-opening, and foundational. This work has the potential to significantly reshape our view of the Exodus and to more fully inform the reality of the Bible.

In 2002, filmmaker Timothy Mahoney went to Egypt looking for an answer to one fundamental question: did the Exodus story as written in the Bible really happen? During the course of his 12-year project he reviews accepted archaeological viewpoints, compares biblical references to evidence and presents alternative theories that support the validity of the event called The Exodus. This book tells the story about the creation of his feature documentary film, also titled "Patterns of evidence: the Exodus". It's not only a visual companion to the film, giving scenes and diagrams, it's also a narration of his ongoing journey of research and travel, giving perspectives of some of the leading archeologists, Egyptologists, and political and cultural influencers as they talk about the story of the Exodus.--
