**Esther Hoskins Forbes, Esther Forbes : Paul Revere and the World He Lived In** before purchasing it in order to gage whether or not it would be worth my time, and all praised Paul Revere and the World He Lived In:

4 of 4 people found the following review helpful. Colonial life Revere's roles in the RevolutionBy J. W. GoetschI'm interested in Early American history. I like many read Esther Forbes fiction Johnny Tremain in grade school. This non-fiction book starts off with Paul's father fleeing France for religious freedom. The book ends shortly after Paul's death. You get a terrific understanding of colonial life and the many ways Paul helped colonial America and the revolution. I understand this is Ms. Forbes only non-fiction book. It received a Pulitzer Prize. This is the best book I've read about

this country forming0 of 0 people found the following review helpful. Five StarsBy CustomerExcellent read!! Paul Revere is my favorite!!! He rocked!1 of 1 people found the following review helpful. Paul Revere's World...By CustomerThis is a great read if you're into American history. Everyone knows about the midnight ride of Paul Revere. But there is a whole lot more to know about him than one singular moment in his life. And a lot to learn about Boston and the early settlers, the British influence, and what Paul Revere did both before and after the American Revolution.

This vivid account of the life and times of Paul Revere was first published in 1942 to great acclaim and a Pulitzer Prize. An elegant storyteller and expert historian, Edith Forbes paints a memorable portrait of American colonial history and of this most legendary of revolutionary heroes -- "not merely one man riding one horse on a certain lonely night of long ago, but a symbol to which his countrymen can yet turn."

"Goes straight to the heart of life in old Boston without sacrificing an iota of universal quality." The New York Times
