Orsamus Turner : Pioneer History of the Holland Land Purchase of Western New York Embracing Some Account of the Ancient Remains before purchasing it in order to gage whether or not it would be worth my time, and all praised Pioneer History of the Holland Land Purchase of Western New York Embracing Some Account of the Ancient Remains:

2 of 2 people found the following review helpful. Walking in the footsteps of my predecessors 200 years ago  
By David E. Arnold  
This book is a gold mine for any researcher digging into the history of the Holland Purchase in Western New York state, which I was doing. For my needs - data for a book I'm writing that deeply involves this area - it is an ancestral gold mine. But at least I had a chance to digitally read a couple pages of specific interest; what I found in that short session was enough to sell me.

By Richard A. Ogden  
Excellent book on early American history, especially supporting the idea that there was a civilization in America before Columbus.

Pioneer History of the Holland Land Purchase of Western New York embracing some account of the Ancient Remains; a brief history of our immediate predecessors, the Confederated Iroquois, their system of government, wars, etc. A synopsis of Colonial History; some notices of the border wars of the revolution; and a history pioneer settlement under the auspices of the Holland Company; including reminiscences of the War of 1812; the origin, progress and completion of the Erie Canal, etc.
