Stephen Warren : The Worlds the Shawnees Made: Migration and Violence in Early America before purchasing it in order to gage whether or not it would be worth my time, and all praised The Worlds the Shawnees Made: Migration and Violence in Early America:

11 of 13 people found the following review helpful. A valuable history of the travels and life of the Shawnee people
By Benjamin J. Barnes
Stephen Warren has done what a great many ethnohistorians have failed to do: he has been among the Shawnee people and combines the often distant world of history and weaves it together with the living people of today. Within the book, the author is able to take the words of primary voices from the past and with the living descendants of today and creates a framework for understanding how the Shawnee were not only able to survive systematic removals, but to prosper in new homelands.
The history revealed by Dr. Warren's work, shows the tenacity of the Shawnee and their adaptability throughout the historic period and even glimpses beyond into the pre-contact Shawnee worlds.
As a Shawnee person, I recommend Dr. Stephen Warren's book to all readers interested in Shawnee and early American History.
1 of 1 people found the following review helpful. Great book about the origins and world of the Shawnee
By MH
This book explains in detail about where the Shawnees came from and how they adapted to the upheaval of their world,(Fort Ancient), and the book has plenty of illustrations and maps and I must say if you like reading about Native Americans and the Shawnees and how North American came into being this book is a 10 out of 10! Yes, this book holds a place in my library.
1 of 1 people found the following review helpful. Highly recommended!
By Jason W.
Exceptional work on this history and culture of the Shawnee. Highly recommended!

In 1779, Shawnees from Chillicothe, a community in the Ohio country, told the British, "We have always been the frontier." Their statement challenges an oft-held belief that American Indians derive their unique identities from longstanding ties to native lands. By tracking Shawnee people and migrations from 1400 to 1754, Stephen Warren illustrates how Shawnees made a life for themselves at the crossroads of empires and competing tribes, embracing mobility and often moving willingly toward violent borderlands. By the middle of the eighteenth century, the Shawnees ranged over the eastern half of North America and used their knowledge to foster notions of pan-Indian identity that shaped relations between Native Americans and settlers in the revolutionary era and beyond. Warren's deft analysis makes clear that Shawnees were not anomalous among Native peoples east of the Mississippi. Through migration, they and their neighbors adapted to disease, warfare, and dislocation by interacting with colonizers as slavers, mercenaries, guides, and traders. These adaptations enabled them to preserve their cultural identities and resist coalescence without forsaking their linguistic and religious traditions.

Challenges the belief that all Native peoples derived their identities from the land they inhabited, arguing that historians and anthropologists have failed to appreciate the 'profoundly different notions of place and identity' for Native peoples east and west of the Mississippi.--West Virginia History
An excellent contribution to Shawnee scholarship, as well as American history overall. . . . Ethno-historians and Shawnee specialists, in particular, would benefit from reading this book.--H-Am
Indian
Challenges current scholarship in important and potentially significant ways.--H-Net
s
Warren explores the history of a tribe that had no long-standing ties to a native land but formed its identity through migration and adaptation to borderlands formed by the arrival of Europeans and the dislocations of native peoples.--Missouri Historical
Fine research and writing that has opened our view into such disparate and complicated worlds.--Indiana Magazine of History
An excellent contribution to Shawnee scholarship, as well as American Indian history overall.--H-Am
Indian
An excellent read. . . . A seminal study for taking a stand that demonstrates history and prehistory are linked and interwoven.--Journal of the North Carolina Association of Historians
Warren has produced an incredible work that. . . is a welcome addition to literature of Native American Studies.--Journal of Illinois History
Warren's important contribution to the history of the Shawnees, the Ohio Valley, and the adaptation of village life to colonial realities will doubtless be an important point of departure for Ohio Valley, Eastern Woodland, and trans-Appalachian scholarship for years to come.--H-Net
The most comprehensive history to date of the Shawnee people from their ancestral 'Fort Ancient' cultural origins to the eve of the Seven Years' War in 1754. Essential. All levels/libraries.--Choice
A ground-breaking study of the Shawnees in early American history.--Chronicles of Oklahoma
Mak[es] use of anthropology, archaeology, oral history, and colonial archives, and specialists will find a number of interesting claims and stories from the archive.--The Historian
Merits high praise and wide readership.--Jrn
l of Southern History
Warren offers a welcome addition to the growing literature on the Native peoples of the Midwest and their adaptations in the face of colonialism.--Annals of Iowa
Warren's impressive study provides an articulate and thought-provoking examination of a complex topic.--Journal of American History
Spanning time and space--from contemporary Shawnee communities to long-ago villages known only from archaeology, and from the Ohio Valley to the Southeast--Stephen Warren uncovers stories of a Native people buffeted but never defeated by colonialism. The Worlds the Shawnees Made impressively combines hard-headed detective work with great cultural sensitivity.--Daniel K. Richter, author of Before the Revolution: America's Ancient Pasts
An important and much-needed book on the early history of the Shawnees and mid-America. In this outstanding history, Warren situates Shawnees within the colonial world of Indian and European interactions as well as in the world of Indian and Indian interactions. As a result, the Shawnees come alive as people caught in a changing world, figuring out ways to survive and take advantage of new opportunities that came their way.--Robbie Ethridge, author of From Chicaza to Chickasaw: The European Invasion and the Transformation of the Mississippian World, 1540-1715
From the Inside

In 1779, Shawnees from Chillicothe, a community in the Ohio country, told the British, "We have always been the frontier." Their statement challenges an oft-held belief that American Indians derive their unique identities from longstanding ties to native lands. By tracking Shawnee people and migrations from 1400 to 1754, Stephen Warren illustrates how Shawnees made a life for themselves at the crossroads of empires and competing tribes, embracing mobility and often moving willingly toward violent borderlands. By the middle of the eighteenth century, the Shawnees ranged over the eastern half of North America and used their knowledge to foster notions of pan-Indian identity that shaped relations between Native Americans and settlers in the revolutionary era and beyond.
