Roy R Robson : THINK World Religions (2nd Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised THINK World Religions (2nd Edition):

3 of 3 people found the following review helpful. Kindle Edition needs some work By D. Mossor is proud of the Kindle edition of this book, and I have no idea why. They state: Print Replica Kindle books maintain the rich formatting and layout of their related print editions and offer many of the advantages of standard Kindle books. Features include: Notes and highlights Search, copy and paste Zoom and pan Pop-out linked table-of-contents This is a problem - on 7" tablets or a first-gen iPad, it is impossible to read without zooming and panning. I would like to read it on my laptop, as it says in the description that it is available for all platforms, but when I try it tells me it can only be read via a Kindle app on a mobile device. Now that I see they've released a Kindle Fire app for PCs, I'll try that tonight and see if it's any better. 0 of 0 people found the following review helpful. Breadth and Depth By Michael Subtracting a star for the lack of insight on indigenous religions. It is harder to go in depth but can give better understanding into the development of religion. Perhaps this is for a different textbook. The other chapters have such depth, however, and it is sad for it to end, so to speak. 0 of 0 people found the following review helpful. Although it did have a good bit of

information in it. By Yoggles This "book" reminded me more of a magazine rather than a higher educational reference book. Although it did have a good bit of information in it, I don't like feeling as if my intelligence is being insulted and or the material being "dumbed-down" in order to appeal to the younger generation of college goers.

THINK Currency. THINK Relevancy. THINK World Religions. THINK World Religions is informed with the latest research and the most contemporary examples, allowing you to bring current events directly into your classroom with little additional work. An engaging visual design developed through extensive student feedback will appeal to your students and deliver the core concepts of World Religions in a way that they can actually understand. In addition, a groundbreaking instructor supplements package will help you bring the core concepts of World Religions to life without burdening your students with heavy, too dense or too expensive learning solutions. A better teaching and learning experience. The teaching and learning experience with this program helps to: . Improve Critical Thinking The text will help you consider how each religion grapples with a series of important ideas Engage Students Written in an anecdotal style, students will be pulled in with the authors narratives of his real-world experiences and work. Support Instructors All supplements were developed around the textbooks carefully constructed learning objectives.

"Visually attractive, easy to read, with resources that facilitate cross-cultural comparison and critical thinking." - Abraham Velez of Eastern Kentucky University A cutting-edge text for the digital 21st-century generation studying World Religions or Comparative Religions. - Nathaniel Murrell of UNC Wilmington Colorful, well-written, appealing to students, good possibilities for connections to resources on the Web. - Alan Meyers of Lindenwood University About the Author Roy R. Robson is Professor of History and Director of the Honors Program at University of the Sciences in Philadelphia. He teaches courses on modern Europe, Russia, and world religions. His interdisciplinary teaching includes Intellectual Heritage: Time and Views of the Cosmos." Robson writes extensively on Russian history and world religions. His last book, Solovki, won praise from the New Yorker, The Times (London), Cond Nast Traveler, and the Journal of Modern History. Robson serves as the series editor on Orthodox Christianity for Northern Illinois University Press. This year, the National Endowment for the Humanities honored the University's Intellectual Heritage program by granting Dr. Robson a fellowship to expand his course on Time. Dr. Robson is president-elect of the Southern Conference on Slavic Studies, the largest regional association of Slavic scholars in America.
