Beautiful overview!!By farmgirlBecause I remembered so little of Hamilton's life story from history class and because we were visiting his birthplace, I wanted to fill in the gaps without reading an entire book. This publication was perfect for my needs. It included articles by a variety of writers, each of whom covered a different season of his life, as well as beautiful photos.2 of 2 people found the following review helpful. for an addition tBy Wayne J. AndersonOne of the most interesting men in our history, if not the most interesting. If you have heard about the biography that has been made into a Broadway Musical - this is a great visual help for an addition to both the book and the musical.1 of 1 people found the following review helpful. "HAMILTON ... THE MAN, AND THE MUSICAL"By bbell12I am presently creating a new course entitled " Hamilton: The Man and the Musical" ! This information has been most valuable in my ongoing collection of information !

Long considered the forgotten founding father and primarily known for the duel with Aaron Burr that ended his life, Alexander Hamilton has recently achieved a new level of fame because of the hit Broadway musical Hamilton, inspired by the New York Times best-selling biography by acclaimed historian Ron Chernow. Now the editors of TIME present this special edition that celebrates Hamilton and his many accomplishments: as one of the primary architects of the Constitution, an aide and counsel to General George Washington, and the first secretary of the Treasury, as well as his intense, long-standing rivalry with Thomas Jefferson and how it affects our government to this day. Also included in this fully illustrated edition are Six Things You Didn't Know About Alexander Hamilton, an interview with Chernow, the making of the Broadway musical, why Hamilton's days on the \$10 bill are numbered, and much more. TIME brings keen insight to the improbable life of the illegitimate son of a Caribbean merchant who would go on to help shape our nation, lay the foundation for the modern economy, and become the inspiration for a musical that is inspiring Americans to interpret history in an entirely new way.Please note that this product is an authorized edition published by Time Inc. and sold by Amazon. This edition is printed using a high quality matte interior paper and printed on demand for immediate fulfillment.
